Enjoy Book I of The Raker Chronicles... as Raker (no one has called him Beverly more than once!) grows up in a Colorado mining town and swears vengeance against the insurance conglomerate that swindled the trusted mine owners who raised him. Book II...***STRIKE FORCE... released July, 2011***

Only the best will do, as Beverly Martin Raker resurrects his former termination team -- who will financially bring Pan-Global Assurance to its knees. Drawing from the smart and fast group he commanded in the past, Raker recruits deadly and trusted international killers in Mexico, Ireland, Italy and Germany to become his Strike Force. One shattering discovery in Geneva involving his wife further drives Raker's fury -- and propels his thrust for vengeance.

Read on, and enjoy.... Raker's *Strike Force* is forming!

Book III...***WEATHERED PASSPORTS...released August 2011***

Raker's strike force has been solidly formed and they are prepared to begin their terminations of people and places around the world -- each of whom is insured by Pan-Global Assurance. It's going to take plenty of gunplay, sex and running around the world. Get ready to read, here in Book III of The Raker Chronicles, how passports become understandably weathered as the team moves violently through Paris, Munich, Rome, New Orleans and the Shetland Islands.

But also prepare yourself for some pretty explicit sexual adventures, as well as some romance, in the swiftly-moving plot of *Weathered Passports*.

Book IV ***BLINDED BY FURY...to be released October 2011***

As Raker has told his reconstituted, sinister strike team: *The game is still on. Only the rules have been changed.* Now in Book IV, Beverly Martin Raker is indeed *Blinded by Fury* when he discovers a soul-shattering personal fact about one of the individuals on his Pan-Global hit list. And you will get to watch as James Colt and Pagan's relationship deepens. The evil Gordon twins get back in the act, and one of the trusted team is framed. So open this next-to-last volume in the new Raker Chronicles, put on your goggles, and get ready to be *Blinded by Fury*.

Book V ***INTO THE FLAMES...to be released November 2011***

Obviously, the Raker Chronicles are going to thunder forward at a breakneck pace to the ending in Book V. Does Raker find his daughter in time? The non-stop action moves to Rome and on to the ocean cliffs outside of Sorrento. And what special brand of evil will the Gordon twins inflict upon their victims? After reading *Into the Flames*, you'll probably never look at Christmas tree lights the same way again. This is the final book in this particular five-book series of The Raker Chronicles. However, when you finish the final chapter, you may suspect there is still more to come!
